# FAQs Continued

## Can a variety of children participate?

Birthday parties at Stunt Ranch are designed for all children to enjoy. We suggest 5 years old and up for the stunt activities. Our staff makes sure that each child is able to safely enjoy every activity, and that no one is left out. We have plenty of themes which can cover many levels of interest. In addition, Stunt Ranch is a wide open space allowing you to plan and theme the party as you wish without the constraints of noisy and packed environments. Please let us know the age group so we can tailor the experience.

## What about kids in wheelchairs?

We can, and have, attached wheelchairs to the zipline, and provided wheelchair-bound kids with a uniquely thrilling experience. Please let us know ahead of time regarding special needs.

## What about food?

You can bring any food you like, or we can arrange food for you from local restaurants. Guests are welcome to bring coolers on site to store cold drinks and food. Your reservation includes 2 picnic tables for celebration time.

## Will my children be learning dangerous behavior?

We are a science education and learning facility. We just happen to believe that science is a whole lot more interesting when you understand it is the basis for all the special effects and stunts that we see in the movies. Ask your crew to teach the kids about safety and they will be more than happy to do so.

## What do we do if it rains?

Party can go on, rain or shine! Unless, there is a safety issue due to lightning, in which case parties will be rescheduled. We also have an enormous covered pavilion that can offer shelter for the parents and kids in the event of rain. Parties can be rescheduled for severe weather without penalty when we are contacted with 24 notice. Please contact us during business hours, Monday through Friday.

## What if I have to cancel?

You are welcome to reschedule your event due to unforeseen occurrences. Please give us 3 days' notice and there will be a 15% reschedule fee. If weather is a disruption, please note that there are many activities which can occur beneath the pavilion, but you may also reschedule for weather with at least a 24-hour notice, so we can inform our crew. If you suspect weather will be an issue please call prior to 24 hours before your party. If your party is on a weekend, call 48 hours in advance, during the business hours.

## What should kids wear or bring?

- Dress for outdoor play
- Trousers trump dresses
- Sturdy footwear
- Brimmed hat
- Sun Block
- Bug Spray
- Water Bottle

Prepare for outdoor activities. We recommend shorts and a t-shirt. Closed-toe shoes are required (preferably tennis shoes for climbing). Don't forget sunscreen! Your guests are welcome to bring a water bottle, hats, sunglasses and any supplies they would need for outdoor play!

## What are the minimum ages?

Guests under 7 should not try the highfall airbag and we suggest children try the zipline from 5 and up. You are always welcome to bring additional toys to keep children of this age interested. Or you may ask about add-ons such as slip and slide movie snow or mountains of foam.

## Describe the zipline...

There are two ziplines that leave from a large platform 11 feet up a tree. You get to the platform from a simple spiral staircase, so virtually anyone can get to it. The ziplines are 180 feet long, and you end up on the ground.

## Can we have alcoholic beverages?

Parents can consume beer during their kids parties, but will not be permitted to drive kids after drinking. Alcohol may not be consumed by those partaking in stunt or paintball activities.

## Are there restrooms?

Yes. There are two exterior restrooms, and one indoor restroom.

## What are your hours?

You can book a party anytime between 9am and 9pm. You can also arrange for overnight camping.

## We would like to do something even more extreme – what other services do you offer for group activities, adult or teen parties?
